

ITI- MANDVI **Surat**

Upgradation of Industrial
Training Institute through PPP

ITI Mandvi achieved remarkable success under ITI up-gradation scheme through PPP with Gujarat State Fertilizers & Chemicals Ltd (FU), Kosamba. It established modern infrastructure for training and support activities. Five new trades were introduced and five trades were up-dated within the time frame of two years.

“ Infrastructure and basic amenities at ITI Mandvi was in poor state and it was affecting the student enrollment, especially female candidate. In two years under PPP, new theory classroom buildings with modern furniture, renovated toilets, beautification of landscape, parking and frontage were completed. Now the ITI building is consider as one of the fine-looking vocational training campus in region.”

Total enrollment of students increased by 300% in two years.

The role of ITI principal was instrumental in signing MoU and implementing the up-gradation activities. During the process the ITI established impressive industry linkages and signed five MoUs with different industries for support in training and placement. ITI Mandvi has also received donation of Rs.14.18 Lacs for establishment of Instrument Mechanic Power Plant Lab from NPCIL, Kakrapar. Currently all MoUs are running successfully from last five years and renewed for next term.
