

MR.ALPESH BALDEVBHAI
RANA

Alumni, 1989-1991 Batch, I.T.I.
UTTARSANDA, Nadiad, Gujarat

A SUCCESS STORY OF DETERMINATION AND INNOVATION

Alpesh Rana's journey is a one-of-its-kind story from poverty to possibilities. Born into a poor family in Nadiad Mr. Rana joined ITI, Uttarsanda to fulfil his parents' wishes. Today he is the proud owner of a Rs. 1 Crore enterprise giving employment and livelihood to fresh ITI graduates of the region.

Alpesh attended the 1989-1991 batch of Mechanic Refrigeration & Air Conditioning Trade in ITI, Uttarsanda. During his 2 year training he was guided and supported by trainers and facilitators who had actively participated in his learning, skill acquisition and future. He got exposure visiting industries and understanding how the skill works in real life.

After completing the course Mr. Rana started as a technician, gradually building his own business. That didn't stop him, he went on to innovate his own Refrigeration technology named 'Cooling System' which attained immense response in the local market. The innovation had taken him to different parts of the country as well as abroad for exhibitions.

Today he is the proud owner of a Rs. 1 Crore enterprise giving employment and livelihood to fresh ITI graduates of the region.

Mr. Rana being the humble person he is, gives the credit of his unprecedented feat to his trainers and mentors.

"All credit goes to my Trade Instructors plus I.T.I. Principal & All Staff Parivar of I.T.I.Uttarsanda".
He wishes all the students in ITI, Uttarsanda a career much better than what he has got.
