

ITI MANINAGAR

Gujarat

Best ITI Award 2016

Ministry of Skill Development & Entrepreneurship, GoI has conferred Industrial Training Institute (ITI), Maninagar as best performing ITI in the country during 'International Youth Skill Day-2016'. The institute has achieved remarkable success in various facets of training and employment. Increase in male and female admission ratio, infrastructural advancement, substantial increase in post training placement followed by high placement retentions are some of the major achievements of the ITI. Besides these, the ITI has taken initiatives such as introduction of new practices in faculty development programs, involvement of industries and employers in skill training and employment through more than 70 industry MoUs, introduction of one of its kind industry driven advanced technical training programs and student exposure visits to industry with the help of industry association such as CII. The rapid development in infrastructure in a short span of time made possible through mobilization of funds on a PPP mode was one of the other major achievement of the ITI. Due to result oriented and focused efforts of principal, the training facilities has been rated as five star in prestigious CARE Ratings. The principal of ITI, Mr. Nikhil Oza was honoured with best ITI principal award.

The turnover of ITI is example of sincere leadership, team work, any collaboration and efficient training management. The passing percentage of trainees has improved and maintained above 85% in last three years. The remarkable success in employment of trainees is result of strategic partnership with industries and systematic institutional development. Increase in woman's turnout for skill-related courses made possible by introduction of modular employable courses, training facility at the door step by way of selection of trades popular among woman. ITI has well equipped Placement Bureau with updated database and IT enable platform. It is the only ITI in state which has multi story building with lift infrastructure. The ITI promote an environment of competitiveness, innovation and excellence. ITI also encourage extra curricular activities of trainees through annual sports, cultural program and participation in skill competition.

The atmosphere of ITI encourage us to learn through practice. This institute is unique in region due to modern training infrastructure, training methodology and exceptional opportunities for employment.
